**EX-SENATOR FAIR DEAD.**  
He Left \$40,000,000 to be Divided Among His Three Children.  
SAN FRANCISCO, Cal., Dec. 29.—Ex-Senator James G. Fair, the bonanza millionaire, died last night at the Lick house, this city.  
The cause of Fair's death was diabetes and Bright's disease. He took to his bed last Monday and had not been conscious for any considerable length of time since then. He had been failing for some time and was finally aware of his critical condition. His only son, Charles Lewis Fair, was present at his death.  
Fair leaves a fortune estimated at \$40,000,000 and by the terms of his will, made some two months ago, this vast sum, it is stated, will be equally divided between his three surviving children, Mrs. Herman Oelrichs, New York; Miss Virginia Fair, now staying with her sister in New York; and Charles L. Fair of this city.  
**ANTI-TOXINE SUCCESSFUL.**  
A Connecticut Patient Cured of Diphtheria by the New Treatment.  
SOUTHINGTON, Conn., Dec. 28.—One of the first experiments in the use of Professor Behring's anti-toxin for diphtheria in this State has been successful in this town.  
Dr. Maurice F. Sullivan found Richard Thomas suffering with the disease in the most malignant form on December 17. He immediately made an injection of anti-toxin in the patient's back between the scapular muscles. The temperature at the time showed 102.4 and the pulse 118. That evening a slight reaction set in.  
The next morning another injection was made and ten hours afterwards the patient's pulse had dropped to 110 and the temperature to 101.  
In four days the membrane had entirely left the throat and today the patient is able to sit up.—Baltimore Sun.  
To Specify the People.  
LONDON, Dec. 29.—A despatch to the Central News from Tokio says: With a view of maintaining discipline and pacifying the district of Liao Tung, Field Marshal Oyama has established a civil administration at Kichow similar to that established at Uotung by the commander of the first army. The army administration at Kichow has been in operation since December 16.

**41 PERSONS BURNED TO DEATH**  
**A CHRISTMAS TREE TRAGEDY IN OREGON.**  
A Kerosene Lamp Knocked Down, the Oil Takes Fire, and a Stampede Through the Flames Follows—Other Serious Fires.  
KLAMATH FALLS, Ore., Dec. 29.—At Silver Lake, Lake county, Christmas eve, while a large party was attending the Christmas tree, a lamp exploded, causing a fire, in which 41 persons were burned to death, and 15 injured.  
The gathering had assembled at a hall above the Christmas Brothers store, and consisting mainly of children, who, with their parents, and relatives were enjoying what Santa Claus had brought them. The Lakeview Examiner says: "Some one attempted to get where he could see and hear better by jumping upon a bench in the middle of the hall. In doing so his head struck a lamp hanging from the ceiling, causing the oil to run out which immediately caused fire. While trying to take the lamp down it was tipped so that the oil ran out on the floor. From that time on the scene was terrible to behold."  
"Some man said 'Shut the door and keep quiet, and it can be put out,' while others screamed and yelled. The lamp was finally taken down, but it fell to the floor. In their attempts to get it outside it was kicked about on the floor, where it lay unsmothered as it could not be touched on account of the intense heat. The people were compelled to go through the flames in order to reach the door, and frantically rushed to their doom."  
"Five of the injured will probably die. The building, a two-story structure, including the postoffice and the entire stock of Christmas trees, was consumed. Silver Lake is over a hundred miles from Klamath Falls and the stage with the Lakeview papers brought the news to this place.  
Killed at a Fire.  
NEW YORK, Dec. 29.—Three alarms were sent out 5 o'clock this morning for a fire in a six story brick building, 214 and 216 West 24th street, occupied by Cassidy & Sons, dealers in gas fixtures. The loss will reach \$50,000. While at work on the fourth floor Battalion Chief Brennan and assistant foreman John J. Rosney were instantly killed by the fifth floor falling in upon them. Assistant foreman Hennessey had his left shoulder and leg fractured by a falling beam.  
Fire Among Lumber Stacks.  
LOUISVILLE, Ky., Dec. 29.—Five broke out early this morning in the Stocks & Brent company's auction house, five stories high on Main street, which has been practically gutted. Loss, \$100,000. The fire spread to J. H. Quast & Co.'s shoe store adjoining, which may be destroyed. J. M. Robinson & Co.'s large wholesale dry goods store was considerably damaged.  
Wheat Elevator on Fire.  
DAYTON, Mich., Dec. 29.—The big Detroit and Milwaukee elevator of East Toledo is in flames. The whole fire department is out. It looks as though the structure and its contents will be a complete loss.  
Later.—The elevator burned down. Loss \$525,000, fully covered by insurance.  
Fine Mansion Destroyed.  
MOBILE, Ala., Dec. 29.—The Albion Place, on the bay shell road, one of the finest mansions in the South, was destroyed by fire last night. Loss \$50,000, insurance \$3,000.

**THE "DIXIE HUMMER."**  
To Show That Chicago and Atlanta Are But 15 Hours Apart.  
CHICAGO, Dec. 29.—The "Dixie Hummer," a special fast train which has been arranged for by the Chicago Herald, left this city at two o'clock this morning bound for Atlanta, Ga., 733 miles distant. It is scheduled to arrive at 5:30 the same evening and in order to win this race against time the wheels will have to go around at the rate of nearly 60 miles an hour. The route will be via the Chicago and Eastern Illinois, the Evansville and Terre Haute, the Louisville and Nashville, Chattanooga and St. Louis, and the Western and Atlantic railroads.  
If the train makes the time in 15 hours and 30 minutes as scheduled it will be the fastest run ever made in the South. Atlanta and Chicago, under the present system of railroad connections are 27 hours apart, and the prime object to be illustrated in running this train is the feasibility of improving the railway mail service to the Southeast.

Priests and Bicycles.  
LONDON, Dec. 27.—The Daily News correspondent in Rome says: The pope has nominated a committee to examine the question of priests riding bicycles and the hygienic aspects of the practice. A section of the bishops oppose bicycling because the riders are unable to wear their clerical gowns.

**LAST OF HENRY CLAY."**  
The Suicide of the Stonecutter in the Tuckasee River.  
DILLSBORO, N. C., Dec. 27.—[Special.] Yesterday a stranger, who apparently had been on a long wet Christmas, was seen wandering around the country about two miles from here. He was found this morning, after having spent the night cut in the fearful cold, in a half frozen condition, and brought to town and given stimulants, which soon brought him to.  
No further notice was taken of him, as he seemed to have money to supply his immediate wants, the principal one that time being a hat, which was purchased some time during the day. To the clerk who served him he said he had a great mind to go and drown himself, he felt so badly.  
The next day of him was about two hours later, when four men walking along the railroad, about half a mile below town, where it runs parallel with the Tuckasee river, saw him standing on the bank. When they got near to him, he turned and said to them: "Here is the last of Henry Clay."  
He then walked straight out into the water. When it reached his waist he turned back and said to them: "Not coming up at once the men went to his rescue immediately, but as there is considerable current just there in the river, took some little time to reach him. When he was brought to the bank, he was found to be unconscious. Dr. J. M. Candler, who lives only a short distance away was sent for at once, but when he arrived he found his medical skill of no avail; resuscitation could not be produced.  
The body was brought to town. In a pocket was found a card bearing the name "Henry Clay," and "member No. 221 of the Baltimore Branch of The Journeymen's Stone Cutters Association," with dues paid up to end of November.  
Mr. Clay was a native of Sheffield, England, about 30 years old and single. He had worked on the Vanderbilt estate, and left Baltimore last Monday. His remains were brought in yesterday afternoon and were interred in Riverside cemetery this afternoon at 2 o'clock. The burial was attended by a number of his fellow members of the Stonecutters' association.  
**MCDANIEL MUST HANG.**  
Webb's Case Was Not Appealed—Opinions in Other Cases.  
The Supreme court has filed opinions in several cases of interest in Buncombe. One is the case of Billy McDaniel, sentenced to death for murder. The findings of the lower court are sustained, and if nothing occurs to prevent, McDaniel must hang on the 11th of January, the date fixed by Judge Thos. A. Jones of the Criminal court. McDaniel's partner in crime, Henry Webb, was sentenced to death at the same time. His case was not sent up, but his attorney, Chas. A. Webb, has been in Raleigh this week and is endeavoring to secure a commutation of sentence to life imprisonment.  
In the case of State vs. M. Sherman, the court finds no error, and in that of P. C. McIntire affirms the lower court's decision. Sherman and McIntire were found guilty on a charge of libel and sentenced to one year each on the county roads. They appealed and have been out on bond.  
The decision is affirmed in the case of State vs. D. D. Suttle, for injury to a milldam belonging to D. S. Hildbrand near Asheville. Mr. Suttle was fined \$50 and costs, in all near \$100.  
In the case of Lindsey & Brown vs. the First National bank, sent up from the Superior court, the decision is affirmed. Lindsey & Brown, the photographers, sued the bank for damages for closing a skylight of their gallery, which opened up an alley between the bank building the Dickerson building. The suit terminated in favor of the bank on the ground that the alley was not a public one.  
**DEMAND SATISFACTION.**  
China Must Say Why She Broke Faith With the United States.  
WASHINGTON, Dec. 29.—The accuracy of the information contained in a Shanghai cablegram regarding Minister Denby's instructions to protect the Chinese government in the case of the Japanese student spies fully confirmed at the state department.  
Promptly upon hearing of the butchery of the two students who had been turned over to the Chinese officials for such punishment as might be accorded to them in civilized countries upon lawful conviction, Secretary Gresham cabled Minister Denby to demand satisfaction for the breach of faith. No reply has yet been received, which however is not wondered at considering the demoralized condition of the Peking government.

**THE GRAND OLD FELLER.**  
But He Forgot to Fell a Tree On His 85th Birthday.  
LONDON, Dec. 29.—Gladstone celebrated his 85th birthday today, and was the recipient of hundreds of letters and telegrams of congratulation, and parcels containing birthday gifts. Gladstone was in remarkably good health and spirits, and despite the stormy weather drove through the streets of London to the church, where he met a deputation of Armenian Christians from Paris and London. On behalf of Gladstone the deputation presented a silver chalice to the church, and to the presentation address the ex-premier expressed his sympathy with the sufferings of the Armenian Christians.  
The deputation took luncheon with Gladstone at Hawarden castle. The Prince of Wales and Lord Aberdeen were among those who telegraphed their congratulations to Mr. Gladstone.  
**AN ENCOURAGING IRON SIGN.**  
CHAMPTON, Mich. Dec. 29.—The Champion mine will resume operations January 2 after an idleness of nearly three years. Two hundred and fifty men will be put to work. Resumption of activity in this mine is taken as the most encouraging sign that the iron trade has shown for the past two years.

**THE WEATHER HOLDS THE TRUMP CARD.**  
MASSILLON, Ohio, Dec. 29.—The mines are reported out of house coal today and there is not enough fuel above ground to keep the furnaces going. The operators must soon buy outside coal to prevent the destruction of their property.  
**The Legality of Stamp Albums.**  
WASHINGTON, Dec. 29.—Solicitor Revere of the treasury department has given an opinion, in regard to legality of private parties printing facsimiles of United States stamp albums, that the printing of stamp albums must be stopped and the plates seized and destroyed.  
**Got His Irish Up.**  
LONDON, Dec. 29.—The gale in the Irish sea continues unabated. A number of vessels in the harbor of Holyhead broke from their anchorage last night and were seriously damaged by coming into collision with one another.  
**The Pope is Editing.**  
ROME, Dec. 28.—The Pope has completed the text of his encyclical in regard to the position of the church in the United States but is still engaged in revising the manus ript.

**A. S. WHITMAN MUST COME BACK**  
**WANTED HERE ON A SERIOUS CHARGE.**  
A Chicago Judge Finds the North Carolina Statute Not to His Mind, but Governor Carr's Requisition Holds Water—The Prisoner Comes Back to Asheville.  
CHICAGO, Dec. 26.—The A. S. Whitman habeas corpus case was up again today in Judge Dunne's court, but the question as to whether Whitman is to be sent to North Carolina on the charge of procuring money by false pretenses or released was still left undecided. Judge Dunne did decide on the arguments which were heard last week that the Governor's warrant upon which his extradition is asked is not sufficient to hold him, for the reason that it does not show that a crime was committed by the defendant in North Carolina.  
The judge said he had carefully examined the statutes of North Carolina and had found that in that State a man might procure money by false pretenses without committing an indictable offense.  
"All false pretenses are not indictable," said the court, "and the warrant of the Governor should, therefore, set forth specifically the manner in which the money in this case was procured. This warrant does not."  
Chicago, Dec. 29.—A. S. Whitman, in whose behalf a strong fight was made to prevent his extradition to North Carolina to be tried on a charge of obtaining money by false pretenses, was handed over to an agent of that state yesterday by a decision of Judge Dunne. Whitman left for Asheville, N. C., this afternoon in charge of a deputy sheriff.

My stock consists of a combination of the useful as well as ornamental. What combines both qualities more than a stylish tie, an elegant umbrella, a fine pair of gloves, a silk handkerchief, a pair of nice suspenders, or in fact any one of the numerous articles worn by a well dressed man? My stock is the largest and best selected in the city.
